The Board

Message from the board

Dear people from Dijkgraaf,

The bunker is in a very tight position right now. With only a few board members left we had to temporarily cut down on the bunker nights. It's too much work for us. Sorry about this! No worries for associations or individuals that want to throw a party though, you can still send in a request!

Moreover we of course want to point out the fact that we really want to keep doing what we do best: **PARTYING!** But we need you for that, so if you're interested in helping out, please let us know!

WE WANT YOU!

Party Planning

As you see on the right, we open 3 times this period. We kick off with a halloween party so bring your scariest outfit, or/and waste yourself with our own carefully crafted sambuca pisang shot (recommended)

To remind us of the summer we throw a mexican party in week three! Corona's you'll get 2 for 3 coins and tequila shots for 1 coin. Viva la fiesta!

In week 5 we have a Toxic Waste party with Gin tonic for 2 coins, which is a killer combination with the blacklights, come and see!
