Message from the board

Dear people, first of all we wish you a sparkling new year full of partying. We would like to welcome 2 new boardmembers. Sander, who will take care of the stocks and Charlotte, who will do the register. But don't think you missed your chance, because we are still looking for new boardmembers! With the new year comes our updated stocklist. Desperados, Absinth and Stro'80 will make you feel warmer and help you get through the cold winter. Also from this period on we will finally sell a midnight snack, Broodje Bapao! You never have to go home hungry again. We hope to see you all downstairs!

Partyplanning

The 10th of January we will give a new years dive party, hosted by WaHo! The dress code is 'bathrobe' and you can warm your self up with some cheap Jägermeister. The more you drink, the warmer you get! The same principle applies to week 2, when we sell icy cocktails in a winter wonderland party!

In week 1 of period 4 we will host a classic Bunkernight again. Enjoy our carefully crafted house shots while they're super cheap. A week later it's time for Carnival! We sell special shots in the Dutch colours of Carnival: red, yellow and green! So put your craziest (preferably most sexy) clothes on and go wild on the dance floor!
