

# NEWSFLUSH

## FROM THE BOARD

Hi everyone, I hope you had a great vacation. I sure did! Because we got a lot of questions why the Newsflush wasn't available in English, we decided, why not, and translated all texts in the language that most of us speak. To celebrate the new year, the Bunker is giving away free drinks during our "New year Neon" Party around midnight, so be there! For the next two periods we have some awesome parties planned. The traditional "Valentine's Party" is on the menu, as well as never before thrown parties like the "Wheel of Fortune" Party, during which the special changes every half an hour. I'll see you there!

## INTRODUCING XANTHE

Hi, My name is Xanthe, I'm a 20 year old student studying International Development. I'm in both my second year of the course and at the student association, 'Ceres'. Last year I also joined the board of the Bunker, which I Really enjoy! Quite a lot of people who come here are international, which is one of the reasons I really like the Bunker as I grew up in Kenya, Brazil and Wales, and the Bunker is a place for me to meet new (international) students. The extreme variety of people who came here every Tuesday aren't afraid to act/be crazy, which makes it a lot of fun. I hope I'll meet you all sometime soon!  
Love, Xanthe
